COMMODITY	ECCN	SUBPARAGRAPH
----- This identity and access management tool from One Identity (part of Quest Software) enables a business owner to define access levels, policies, and implement them across a computer environment. This product is available on-premises or in the cloud (SaaS), and it can include data governance. This product uses encryption to protect user credentials and communications between the solution and the applications to which it applies security through identity and access management. Identity Manager	5D992	c
----- The Data Governance Edition (DGE) is the same software as Identity Manager. Its DGE functionality is enabled by a license key. The DGE version This data governance software extends control to NTFS, NAS devices and SharePoint, thus ensuring that sensitive, unstructured data is only accessible to approved users. Identity Manager, DGE	5D992	c
----- The On Demand version is the same software as Identity Manager, except in a hosted, software as a service solution. Identity Manager, On Demand	5D992	c
